PROFILE

I am an enthusiastic B.Tech student passionate about technology and innovation. With a keen interest in constantly evolving technologies and ideas, I am dedicated to learning and growing in the tech industry. My goal is to leverage my skills and knowledge to contribute to groundbreaking developments and advancements in the tech field.

PROJECT MINI PROJECT

SEMESTER-6

Bus Reservation Site - JourneySync : This project enhances a conventional bus reservation site by introducing novel features. It enables booking multiple source-destination pairs in a single transaction, incorporates a passenger review system, allows reserved ticket modification, and implements a dynamic notification mechanism, providing a flexible, convenient, and engaging user experience.

EXPERIENCE

FLUTTER INTERNSHIP

VERDANT IT SOLUTIONS, Edappally(10 May 2023-25 May 2023)

-Developed a texting app resembles WhatsApp.

EXTRA CURRICULAR ACTIVITIES
